DID·KIOSK

Digital Signage **DID·KIOSK**

It supports a variety of sources, including videos, images, flash, web, and subtitles, and allows you to set the layout with choices.

Dynamic and visual contents can be organized and information suitable for time, place, and purpose can be provided to maximize the promotional effect.

Real-time information delivery based on the network enables fast, accurate information delivery and announcements.

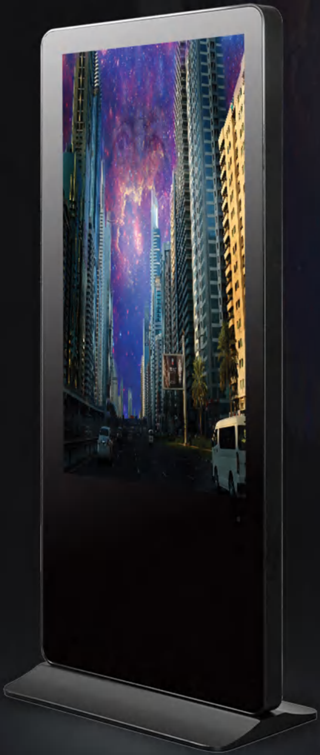
Centrally manage your entire display, making it easy and convenient to manage and distribute content, and reducing operational staff, time, and cost.

AVAVISION

The beginning of marketing

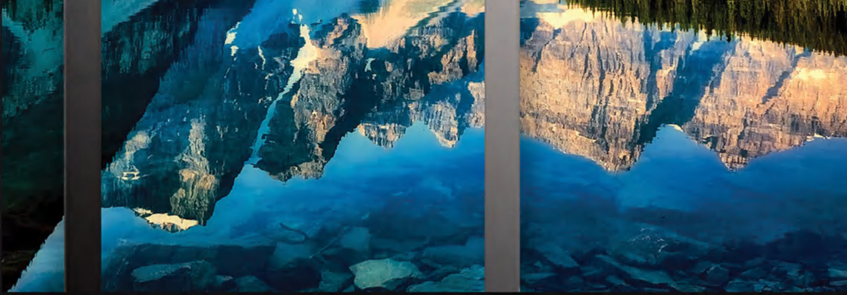
SMART KIOSK 55"

(Non Touch / Touch)



Promotional effect maximized by elegant design and comfortable feeling that connects stores and customers

Vibrant virtual 4k resolution



Excellent immersion and clarity by applying a UHD panel that is 4 times clearer than the existing full HD panel

FHD PANEL
4K
ULTRA HD

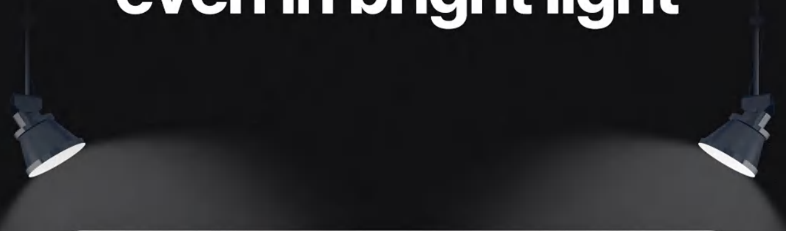
178-degree wide viewing angle, clear from any angle

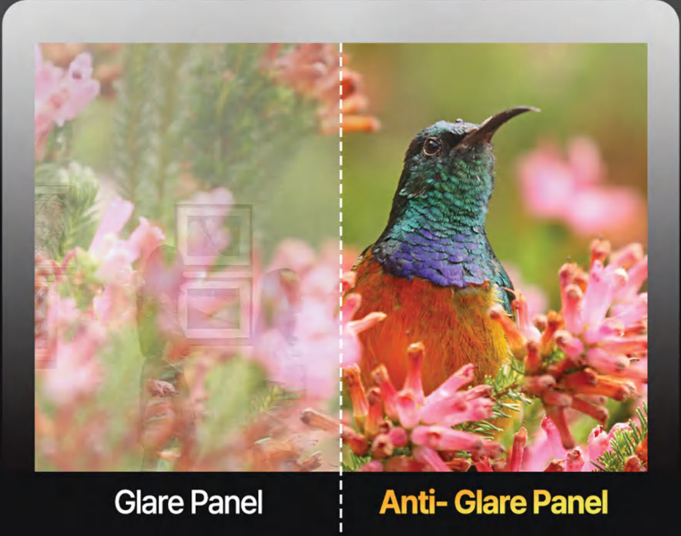
Vivid contrast ratio and brilliant color expression from any angle using the highest quality IPS panel

15w dual speakers for realistic and overwhelming sound

15W dual speakers for realistic and overwhelming sound

Vivid anti-glare panel even in bright light





An anti-glare panel is applied to avoid blurring the screen from lighting, so there is less light reflection when viewed from any angle.

Perfect dynamic video

8ms ultra-fast response time

타사 제품
아바비전 제품

It provides a fast response speed of 8ms so that there is no blur, afterimage, or distortion that can occur during dynamic video playback.

User-friendly and convenient system

24/7

Restaurant · Cafe

You can promote store operating hours, menus, events, etc. In particular, for stores that frequently change contents, such as a new menu guide, you can not only reduce printing costs through the kiosk, but also capture the attention of customers by exposing food contents more vividly on the UHD screen.

Hospital

You can increase the convenience of use for patients, such as hospital facility and location guidance, medical staff guidance, and medical promotion.
